INSTRUCTION

Read Aloud
In this task, you will read a short passage aloud. You should pronounce words clearly, read at a normal pace, and read as naturally as you can. Follow the steps:

- Step 1.** Show the passage on screen.
- Step 2.** Give students some time to prepare it silently.
- Step 3.** Let students read the passage aloud in a group or individually.

How does the weather change? The weather can change a lot. We have different seasons: Spring, Summer, Fall, and Winter. In Spring, it gets warmer, and flowers bloom. Summer is hot, and we go to the beach. In Fall, leaves change color and fall from trees. Winter is cold, and it can snow. We wear warm clothes. Weather also has things like rain and wind. We check the weather forecast on TV or online to know what to expect. Sometimes it's sunny, sometimes it rains. Understanding the weather helps us plan what to wear and what activities to do. It's interesting to see how it changes!
