Picture Narration

Model Answer

In a snug tree, Lily, the little owl, yearned for excitement. A brilliant star caught her eye one night, sparking a desire for adventure. Equipped with a small bag, Lily soared into the forest. She encountered a friendly fox and a helpful squirrel on her journey, forging new friendships. Lily discovered a meadow aglow with fireflies as the sun dipped below the horizon. Joined by her newfound friends, they danced beneath the starlit sky. Lily realized her wish had materialized - an enchanting adventure with companions. Grateful, she returned home, cherishing the magical memories of that starry night. Thus, Lily's simple wish unfolded into a heartening narrative of friendship and the enchantment discovered in moonlit meadows.
